

## **Wood at Work - NYC Forum 2019 | Agenda**

Thu Sep 26, 2019 12:30pm - 5pm | Arsenal Building, Conference room, Central Park, NYC

Lunch (12:30 - 1:30) Outside TBC & weather-permitting, otherwise in the conference room

Introduction (1:30 - 2:00)

SF introduces those attending the meeting, short introduction to the background and goals of the meeting. (30 min)

Presentations (2:00 - 3:05)

- Jeremy (5 min)
- Sarah (5 min)
- Scott Landes (5 min)
- Ken Kim (5 min)
- Tri-lox (5 min)
- **Katherine Hayhoe, presentation & Q&A (30 min)**

Primer questions for discussion after coffee break

Coffee Break (3:05 - 3:30)

This could be lengthened to allow people to stretch legs, network, and discuss issues informally before regrouping

Open Discussion (3:30 - 4:30)

(Could be shortened if people want to discuss more informally)

Resolutions on Cities4Forests “partner forests” and wood procurement concepts

Questions from wood specifications working group (at Grimshaw Architects):

- What are some of the first issues that come to mind in your work with legal/responsibly-sourced wood?
- Or, what are the biggest barriers in specifying legal/responsibly-sourced wood?
- What questions do we have on legal/responsibly-sourced wood in building projects?
- Can we relate these issues highlighted with municipal/city officials, and/or are there other actors that we should be addressing?
- What are the soft lessons we should be sharing here, i.e. How can we as professionals better promote demand for legal/responsibly- sourced wood?

Will people want to serve on advisory/steering groups?

Resolutions, working groups and next steps (4:30 - 5:00) Thanks for participating, more information on the meeting will be available (when?) and more notes on the schedule of C4F, how people can get and stay involved in the ongoing conversation!
